Trey,

Updated from yesterday - please find EPA proposed edits for the two MOAs required for Florida assumption (EPA-FDEP MOA & Corps-FDEP MOA). I am including both a final copy and redlined version for ease of review.

These versions include a small change suggested by OW staff late yesterday. OGC has given the green light (David Fotouhi via staff) to share these with the Corps and FDEP. We understand that OGC believes this includes the green light from OW (David Ross); however, I wanted to make sure you knew we have not heard directly from OW at the AA level only from his staff.

Responses to FDEP on 3<sup>rd</sup> party proposals on the rule are still under discussion with OGC.

I have included below language for an email that you could choose to use to send these documents to Noah. Please let me know if you would like changes or want to approach this differently.

Thanks  
Jeaneanne

Noah,

## Ex. 5 Deliberative Process (DP)

If you have any questions please let me know. Again thanks for all of the work you and your staff are undertaking in this effort.
